

Felt Face (00:00)

For adding eyes using felt, print this page using the eye template below to cut out shapes in felt.

For attaching the felt:

1. Cut two of each eye template out of black felt.
2. Position the eyes on the face.
3. Thread a sewing needle with black thread and whip stitch around the perimeter of the felt eyes.
4. Use a hole punch to punch out four circles out of white felt.
5. Glue the white felt to the eyes.
